Subject:- Deputing Two Sanitary Inspectors for Plague training at Ooty for ten days.

******

Now that Plague is prevailing as an epidemic at Ooty, I suggest that two of our Sanitary Inspectors (Mr. Sheena Shetty and Mr.Edward Alfred) be deputed to get the training in Plague preventive work from the Special Plague Officer and the Municipal Health Officer working at Ooty. This is a rare opportunity for the Sanitary Inspectors to get first hand information and see things done according to the latest measures in combating this dreadful disease of Plague. In this town we had plague some years back and even to this day we are continuing the rat destruction work, since we apprehend plague here at any time, so it is all the more necessary that some of our Inspectors should have the working knowledgee of the latest preventive measures of plague. With this idea I met the Chairman yesterday and explained to him to get the approval of the council for deputing these Inspectors for the training. I am glad to say he has whole heartedly approved this suggestion and promised to represent to the council favourably about this item of expenditure and permitted me to proceed with the deputation of the Sanitary Inspectors in anticipation of the approval. Since

the epidemic is not likely to last long we can not wait till the next council meeting and so I suggest that these Inspectors be deputed to go from tomorrow for ten days at the municipal expenses according to the rules. I have addressed the Director of Public Health for his opinion by wire to-day and will communicate to you his view as soon as it is received. As I ~~have~~ send these Inspectors I will furnish them with official introduction letters to the officers at Ooty concerned for giving them all facilities for learning the up-to-date preventive measures of plague.
